

WIN THIS ENERGY STAR® REFRIGERATOR OR ORION COOLER!

Submit an entry form to be entered into the drawing. Winners will be selected July 1st. Must be a City of Holland resident to win. Limit one entry per person, per prize.

FRIGIDAIRE ENERGY STAR® Top Mount Refrigerator

Provided in partnership with
Northgate Appliance of Holland

Maximize your energy and dollar savings with ENERGY STAR® appliances. This energy efficient fridge uses only 471 kWh a year which is about \$57! Aside from the great energy savings, there are a number of easy-to-use features;

- Smudge-Proof™ stainless steel resists fingerprints and smudges
- Bright LED lighting
- Over 100 different ways to organize with the SpaceWise Organization System®
- Store-More™ drawer for easy, grab-and-go access
- Full-width glass freezer shelf with sliding basket
- Tilt-out freezer door rack
- SpillSafe® shelves designed to keep spills contained
- Custom-Flex™ door includes 12 oz. can dispenser, mini bin, dairy bin and a large, medium and small bin.

Orion 65 Quart Cooler

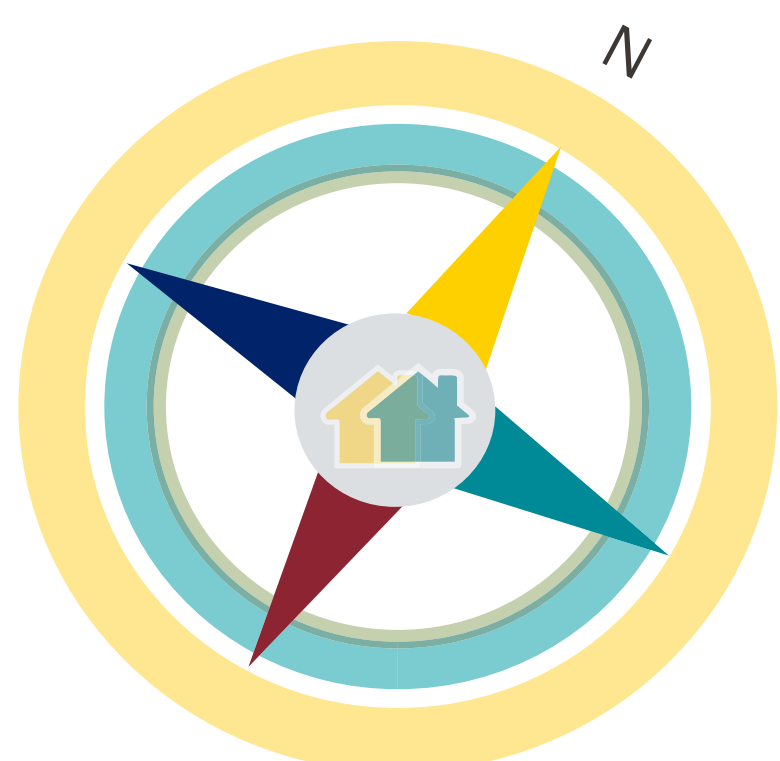

Provided in partnership with
The Outpost of Holland

A block of ice and the 65 quart Orion can keep food cold and safe from spoilage. Need to throw that extra casserole somewhere for the party, but don't have room in the fridge? No need for a second fridge. Fill your Orion with ice and keep your food cold until your party guests arrive. Orion Coolers keep ice longer than budget coolers due to their superior level of insulation. The 2" of insulation bonded to the polyethylene shell create a high thermal barrier between ice and the conditions outside of the cooler. Combine that with a thick, refrigerator style gasket to stop any air flow into the cooler and the microclimate within the Orion is insulated from conditions outside.

- 5-year warranty
- Made in the USA
- 6 tie down points
- 4 aluminum bottle opener corners
- Lockable/certified bear resistant
- Low profile camming latches
- Motorcycle grip carry handles
- Rugged rotomolded shell
- Best-in-class 2"+ insulation
- Standing pad
- Smart, real-world sizing
- Drain plug
- YakAttack Tracks / RAM Integration
